OBJECTIVES OF THE CONFERENCE

- To promote value-based, ethical, responsible and sustainable approaches in science, engineering and technological development.
- The National Conference is intended to provide a collaborative platform for academicians, researchers, scientists, students and industry experts to deliberate on Universal Human Values (UHV).
- To address contemporary social, technological and environmental challenges through responsible innovation and emerging ethical technologies.
- To sensitize technical institutions and educators on integrating human values with cutting-edge engineering curriculum and pedagogy.
- To explore interdisciplinary research supporting green technology, renewable energy, digital ethics and human-nature harmony.
- To facilitate knowledge exchange and collaborative networks among stakeholders for nurturing socially responsible professionals.

VISION & MISSION

VISION OF GEC AMBIKAPUR

To become one of the premier technical Institutions in the country and abroad, imparting excellent professional education, creating value based globally competitive professionals. Government Engineering College (GEC), Ambikapur has a vision of promoting an academic environment where faculty, staff and students can conduct result oriented research and meet societal needs.

MISSION OF GEC AMBIKAPUR

The institute strives to provide a technically advanced academic environment by achieving national recognition through a well direct honest effort. To provide the education research and service in a rich intellectual environment sensitive to local, national and global aspirations, so as to prepare the students possessing knowledge, creative ability and entrepreneurial attitude for becoming successful in globally challenging atmosphere.

THEMES OF THE CONFERENCE

- Universal Human Values (UHV) in Engineering & Technical Education
- Value-Based Pedagogy & Holistic Student Development
- Ethical, Transparent & Responsible Artificial Intelligence (AI)
- Human Values in Digital Ethics, Cyber Security & Data Privacy
- Human - Nature Harmony, Ecological Balance & Environmental Ethics
- Green Engineering & Clean Technologies for Sustainable Living
- Renewable Energy Systems for Equitable Societal Well-Being
- Ethical Innovations & Appropriate Technology for Rural Empowerment
- Professional Ethics, Value-Based Leadership & Social Responsibility
- Sustainable Infrastructure, Clean Water & Inclusive Smart Cities
- Circular Economy, Sustainable Materials & Resource Stewardship
- Interdisciplinary Innovations Integrating Human Values in Technology

PREAMBLE

Technical education stands at the forefront of national progress and societal transformation. In an era of rapid technological advancement, technical competence must be guided by human values and professional ethics. Universal Human Values (UHV) provide the foundational perspective to foster responsible innovation, sustainable technologies, and holistic societal growth. Integrating UHV into technical education empowers students and educators to address contemporary social and environmental challenges, ensuring that technological developments nurture ecological harmony, societal equity, and sustainable living.

ABOUT GEC AMBIKAPUR

Established in 2010, Government Engineering College, Ambikapur is a premier institution for higher technical education in Chhattisgarh. Since January 31, 2020, it has functioned as a constituent college of Chhattisgarh Swami Vivekanand Technical University (CSVTU), Bhilai.

The college offers AICTE-approved B.Tech. and M.Tech. programs across core branches, including Civil, Mechanical, Computer Science, Electrical, and Mining Engineering. In addition to these traditional degrees, GEC Ambikapur provides an MBA program and offers flexible undergraduate and postgraduate courses specifically designed for working professionals.

The institution is also a recognized PhD Research Centre, actively supporting doctoral studies in Civil Engineering, Mechanical Engineering, and Computer Science & Engineering, as well as in applied sciences like Physics, Mathematics, and Chemistry.

PARTICIPANT PROFILE

Academicians, Faculty Members, Researchers, Scientists, Consulting Managers, Industry Professionals, Govt. Departments & Agencies, Policy Makers, PG/UG Students and Research Scholars in Engineering, Sciences, Management, and Humanities.
